

# Happy New Year

## Herald-Observer

VOLUME 44-NUMBER 11

THURSDAY, DECEMBER 31, 1981

BELLE GLADE-PAHOKEE, FL.

According to Babson Forecast...

### Deep pessimism unwarranted for '82

By Babson's Reports Inc., Wellesley Hills, MA., December 31, 1981. Economic conditions and the status of public sentiments in the closing weeks 1981 stand in stark contrast to those of late 1980. A year ago, overall business was still trending upward. Moreover, there was hopeful expectancy that the change in the nation's leadership would lead to an alleviation — and ultimately a resolution — of problems which had been gnawing at the core of the economy. Now, as 1981 gives way to 1982, the economy is gripped by a recession and there is a rising tide of anxiety that the Reagan prescription will produce further harsh dislocations.

The staff of Babson's Reports feels it is premature to summarily dismiss the Reagan Administration's efforts to shore up the foundation of the economy. It must be remembered that not all of the provisions of the Economic Recovery Tax Act of 1981 are yet in effect. In addition, pessimism with respect to fundamental and long-term considerations is not justified when one gives due weight to the fact that at least some progress has already been made in slowing inflation and lowering interest rates. Yet much more improvement must be attained on both fronts before their dangers are genuinely subdued, and

this is a task which undoubtedly will take a good deal of time — in 1980 attests to the absurdity of band-aid type solutions.

The true severity of the current recession can also be better evaluated by taking into account the postponement of business capital equipment investment as soon as it became evident that the benefits of liberalized depreciation under the tax legislation would not commence until January 1, 1982. During the hiatus, this important element of industrial activity has been kept on a subpar basis. Hence, it is only reasonable to assume that we shall have some catch-up buying as 1982

(Continued on Page 3)

### Cast members sought for play

There will be a meeting of the Palm Beach Jr. College Glades Community Theatre Group Thursday, January 7, at 5:30 p.m. This meeting will be held at Palm Beach Jr. College in room SC102.

Auditions will be held the following week, January 13 and 14 for the play "Tribute" by Bernard Slade. Auditions will begin at 7 p.m. at Palm Beach Junior College. People of all ages are needed for the play which will be presented in the new auditorium at Palm Beach Junior College. There will also be a theatre class entitled, "Techniques of Dramatic Art" offered by Dr. Barry Russal and members of this

class will be able to participate in the production.

For those who have other talents and wish not to be in the play, there is a need for stage hands and a technical crew. This will include lighting, sound, painters, carpenters, make-up, costume design, publicity, book-keeping and ticket sales.

The theatre group welcomes all new and old participants to the meeting and audition. The script for the audition can be picked up at the registrar's office at Palm Beach Jr. College beginning January 8th. For more information contact Anita Adams at 996-4223 or 996-3997 or Dr. Barry Russal at 996-3065.

### A look back at '81

By BRENDA BUNTING

Looking back on 1981 in an attempt to pick out the biggest local story of the year, only two items really loom large enough to deserve a detailed recapitulating: the drought and the Williams double murder.

The drought, probably affected more people for a longer period of time — it is still a matter of deep concern. But the murders sent shock waves through the community.

#### January 8

The first baby of the year in our area was born to Mr. and Mrs. Jesus Nunez of Belle Glade at Everglades Memorial Hospital.

Support for the rebuilding of the racquetball courts at Airport Park was received by the City of Belle Glade.

United States Sugar Corporation donated \$180,700 towards the construction of two parks in South Bay.

#### January 13

The new child care center at Glades General Hospital was opened. It is located in the Memorial wing of the hospital. 23 children were enrolled in the program.

Crop damage in the Glades had not been assessed as of press time when the temperature dropped to as low as 20 degrees in some areas.

Police officers Mike Harlow and David Alderman were commended by the Pahokee City Council for pulling a man from Lake Okeechobee.

#### January 22

Our hostages in Iran were released and in the Glades, many people celebrated by displaying yellow ribbons and welcome home signs.

Plans were announced by Superintendent Thomas Mills for a 1,760 student high school designed to house the combined populations of Glades Central and Pahokee High Schools.

#### January 29

Construction on the Palm Beach County Solid Waste transfer station, being built as part of a scheme to haul garbage and trash to the coast, was stopped because of cracked pilings, beams and cracks and bulging walls.

After mulling for months about what to do about the Pahokee incinerator, the council decided to lease it.

The Red Cross was seeking to install an office in Belle Glade by raising funds through a barbecue that was held at the Belle Glade Marina.

#### February 5

The grand opening of the new campground (Continued on Page 4)

STAY AWAY FROM MY BIKE, appears to be what Pam Clark is thinking as she waits to register it at the Belle Glade Police station. Many area residents received bicycles for Christmas. A related story is inside.

### Stabbing death ruled justifiable homicide

BELLE GLADE — The death of a 26-year-old Belle Glade man was found to be the result of a justifiable homicide. Lynn Elijah Seabrook, 406 SW Avenue C Place number 11, died Friday, Dec. 25, as a result of a knife wound inflicted by Linda Louise Kellma, 20 of 416 SW Avenue B Place, room six.

The stabbing occurred at approximately 2:20 a.m. Kellma confessed to Detective Jack R. Fulem-wider.

According to police reports, Kellma stated she had gotten into an argument with Seabrook earlier that evening at a bar.

Seabrook followed her home and forced his way into her apartment where he pulled a small handgun and threatened her with it.

Seabrook proceeded to beat Kellma about the face and head, cornering her against a wall.

Kellma stated that she pulled a five inch folding knife and stabbed him in the chest while he was beating her.

Seabrook then pulled the knife out of his chest and cut Kellma on the side.

Seabrook walked to the street where he was picked up by Patrolman Lawrence Confare and taken to Glades General Hospital.

At the hospital, doctors informed Seabrook he was hurt badly and it was very possible he was going to die. Seabrook then identified Kellma as the assailant.

Seabrook died at about 4:30 a.m. that day. The knife wound had pierced his right lung and the right side of his heart.

A .25 caliber handgun was found in his possession at the hospital. One live round was found in the chamber of the gun. According to police reports, the round's primer had been struck with the firing pin and may have misfired.

Kellma was arrested at 10:10 a.m. and charged with second degree murder.

According to Fulem-wider, Palm Beach County Judge Cohen determined the death to be a cause of a justifiable homicide.

The incident is still under investigation and a report will be made to the state attorney's office, according to Fulem-wider.

### Cause of death determined in fire

BELLE GLADE — An autopsy has determined that the death of a Belle Glade man December 4 was due to carbon monoxide inhalation, according to Detective Jack R. Fulem-wider.

Jesus Steplight, 64, was killed when a fire broke out in the rooming house he was living in at 216 SW Fifth Street.

Steplight was trapped in the bathroom when the blaze broke out.

The autopsy also indicated that Steplight was intoxicated at the time of his death, according to Fulem-wider.

# Christmas decorating winners announced

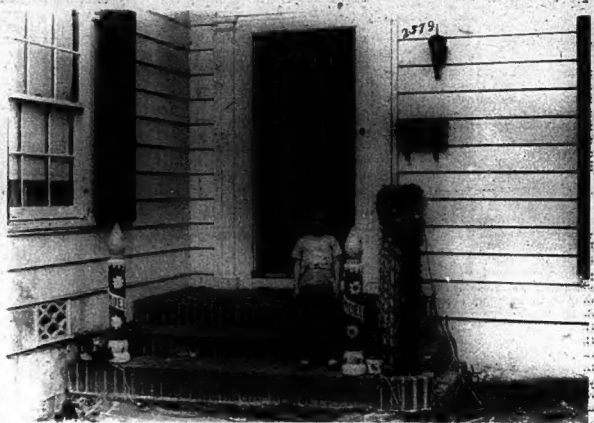

**PAHOKEE**—The Pahokee Chamber of Commerce recently held its annual Christmas Decoration Contest and selected six residential winners and one business winner.

Mrs. Diane Hall, vice-president of the Chamber of Commerce Board of Directors, said the winners will receive tickets to the annual Chamber of Commerce Banquet.

Hendrix Hardware, located at 179 Bacom

Point Rd., was cited for its artistic Christmas decorations in the business category.

Residential winners were Mr. and Mrs. Ray Suggs of 2379 Bacom Point Rd., Mr. and Mrs. W.M. Johnson, of 2165 E. Main St., Mrs. Helen Smith of 681 Widden Rd., Mr. and Mrs. Leon Beede of 430 Cypress Ave., Mr. and Mrs. Joe W. McIlwain of 2138 Bacom Pt., and Mrs. and Mrs. Warren Repper of Canal Point.

Little Miss Hope Suggs, a kindergarten student, adds to the Christmas decorations at her home. Mr. and Mrs. Ray Suggs of 2379 Bacom Point Road in Pahokee were named one of the grand winners in the Christmas Decoration contest.

Santa and the Nativity scene greeted Dexter, sons of Mrs. Smith, also join in visitors at the home of Mrs. Helen Smith of 681 Widden Road, Padgett Island, Corey.

## Racial tension denied

By JEFF BROWN

**BELLE GLADE**—Belle Glade Mayor Thomas L. Altman has sent a letter to the County Commissioners denying the existence of racial tension in Belle Glade.

His letter was sent in response to comments by Florida Rural Legal Services Attorney Don Mason's comments to the Palm Beach County Community Relations Board concerning racism in the city.

The board heard Mason's comments Thursday, Dec. 18 and decided to investigate the charges.

"I can assure you that racial tensions, as described by Mr. Mason to the Palm Beach County Community Relations Board, do not exist in Belle Glade at this time," stated Altman in his letter.

Altman also charged Mason with attempting to create a racial problem in the city through his efforts.

"Fortunately, Mr. Mason's three-year effort to create a 'racial problem' in our City has, thus far, been unsuccessful," Altman told the commissioners in the letter. "Unfortunately, Mr. Mason

chooses to pursue his cause... through the media and forums that provide him access to the media. There is little that we can do to alter the tactics this individual elects to use. However, we should all be aware that inadvertent assistance to this type of demagoguery can only help create the kind of tensions we all hope to defuse."

Altman urged the commissioners to investigate the matter if they had any doubts. "Come out and talk to our citizens and determine in your own mind if we have the flammable atmosphere Mr. Mason alludes to. I respectfully urge, however, that you use a high degree of responsibility, discretion, and prudence in your inquiry into this sensitive area. 'Media events' staged for the 'investigation into racial tension' can do no real good in Belle Glade, or anywhere in Palm Beach County."

The letter also addressed the Community Relations Board decision to investigate the charges, urging "that they be counselled as to their actions and comments so that all of us in public positions can work together, constructively, to meet the goals we all have."

Mason was out of town and could not be reached for comment.

## Removal of city employee upheld

By JEFF BROWN

**BELLE GLADE**—A man who was fired from his city job failed to gain vindication from the city civil service board Dec. 17.

J.T. McCoy was fired from his job as supervisor of Lake Shore Park August 19 for alleged violations of city policy.

He appealed the termination claiming that he did not know of the policy until he allegedly violated it in July, and that his dismissal was actually due to his complaints concerning racial discrimination.

The board members unanimously said they thought McCoy had known of the policy prior to his dismissal, that he had breached the rule and was insubordinate, and that his firing should not have been modified.

The policy the board found McCoy guilty of breaching involved concessions at municipal parks. The City Commission March 23, adopted a policy prohibiting the operation of any concession stands at municipal parks

without the consent of the commission.

According to Recreation Director Johnny Rutledge, his staff, including McCoy, had been informed of the new policy at an April 23 staff meeting.

Mike Underwood, recreation coordinator, concurred with Rutledge's testimony.

McCoy had testified that the new policy was not discussed at the meeting. He said alleged racial discrimination at the city parks was discussed, including a memo from City Manager Relf Wagner on the subject.

McCoy testified that he was first informed in the city's change in the concession policy on July 13, the day after the alleged violation took place.

McCoy's Florida Rural Legal Services attorney, Don Mason, said he and his client intend to appeal the decision.

"It's not going to end here, of course," he said. "We expected to lose this."

Mason said he may ask the state attorney's office for perjury indictments against several witnesses, claiming their testimony on the same subject at two hearings, the civil service hearing Dec. 3, and an unemployment compensation hearing the previous night, conflicted.

"We know it conflicts," said Mason. "We have the transcript."

## FPL worker dies in accident

**BELLE GLADE**—A Florida Power and Light employee was electrocuted Christmas Eve night while repairing equipment at the A. Duda and Sons Pre-cooler.

Det. Steve Haller, with the Sheriff Department, said, James Douglas "Butch" Henderson, 33, of 103 Sugarland Circle, Clewiston, was accidentally electrocuted while atop a mounting transformer.

Henderson was working with a crew of eight men from FPL. Henderson was pronounced dead upon arrival at Glades General Hospital at 11:30 p.m., by Dr. Thomas Rostas.

Det. Haller said the accident occurred at approximately 9:28 p.m.

Henderson is survived by his wife, Kay, and daughters Dena and Robyn of Clewiston and a son, Clint Clements of Belle Glade.

Progress. Of course, the high level of interest rates also served to stifle business equipment demand, but these promises to be a less inhibiting factor in the year ahead. Indeed, interest rates have already worked their way to levels that are appreciably less prohibitive to borrowers.

## 1982 — FROM RECESSION TO EXPANSION

Judging from the behavior of the key economic indicators, the first quarter of 1981 will prove to be the low point for the year's business performance. After an unexpectedly vigorous advance in the first three months, the economy softened a bit during the next two quarters and then slumped sharply to close out the year immersed in a genuine recession. Thus, we have slipped into recession twice in consecutive years. Yet, unlike 1980's credit-induced economic collapse, this time began and ended within that year, the recession of 1981 will likely carry over into early 1982. Even so, due to the severity of the nosedive during the past three months and given the decline in interest rates, there may be only a downward shading of economic activity during the first 1982 quarter, followed by a flat performance in the spring weeks. This scenario may not be impressive, but it is far less disastrous than the pessimistic predictions which have prevailed of late. Moreover, scattered signs of improvement should be emerging beyond the spring, though perhaps not in sufficient quantity and intensity to set a large-scale overall business gains. Around midyear, however, the economy should be moving ahead in concert, and we expect the final half of 1982 to feature distinct upside progress even though the summer weeks may be more robust than the fall season. By autumn new growth in demand for credit may begin to take hold. This should make for some braking influence, though not enough to prevent a definite business upturn for the year's final two quarters.

## MORE SOBER EXPECTATIONS

Early months of 1981 were filled with mounting anticipation that the new national leadership would revitalize the economy and restore some luster to America's role in international affairs. However, the actual scope and magnitude of the nation's problems have brought home to the public the fact that there are no easy solutions. Nevertheless, it does not mean that no progress will be made. As the initial public euphoria when the Reagan Administration took office was probably unduly optimistic, so also the current swing to disillusionment is undoubtedly excessive and somewhat myopic.

No doubt there will be more give and take between the White House and Congress in 1982. Out of this may come some combination of additional spending cuts, deferral and down-sizing of selected outlays, and the raising of fresh revenues. If our expectation that the bulk of the deficit incurred in the fourth quarter of 1981 turns out to be true, estimates of federal budget deficits in this and succeeding fiscal years may prove to be unrealistically high. Also, in view of the steepness of the recession, we would not be surprised to see some of the critics of the tax cuts shift position again and press for the second phase of the tax reduction for individuals to be moved up from mid-1982 to some point earlier in the year.

The recent damaging revelation of Budget Director David Stockman that he doubts the viability of the Administration's economic and fiscal proposals provided additional fuel for the arguments of opponents as the economy slid into recession. However, the potential benefits of the Economic Recovery Tax Act of 1981 have not been given adequate credit. When all of the provisions of the legislation are fully operative, these benefits should stimulate the economy. Later, their cumulative effect may have an even more positive influence. Taken individually, the tax benefits are far from large, but their collective impact on private capital formation — over a period of time — will be quite positive and widespread.

These incentives for individual savings will help replenish private capital and help the tax exemption on income from the dividend reinvestment plans of qualified utility companies and the broader concept of Individual Retirement Accounts (IRA) even though both these devices have annual limitations. Also, cash flow of corporations will be enhanced by the lower tax rates on profits and more liberal depreciation schedules for capital investments. The latter should speed the modernization of U. S. productive facilities, make us more cost-competitive in foreign markets without compromising quality.

**GROSS NATIONAL PRODUCT** Despite the sharp slump in the fourth 1981 quarter, real gross national product (the aggregate value in 1972 dollars of goods and services produced) registered quarter-to-quarter changes averaging about 4% on a seasonally adjusted annual basis. This was due to the astounding 8.6% upsurge in the initial quarter. Although the range of the quarterly changes in 1982 will not be as wide as in 1981, and the generally flat first half will not contribute much uplift to the economy to begin with, strength in the final two quarters can make for about a 2% average rate of advance in real GNP for the year.

## INDUSTRIAL PRODUCTION

Monthly figures on the physical volume of industrial production early in 1982 are not likely to be impressive. The abrupt business slump has shaken confidence, and it will take some time for optimism to return. However, industrial output should trend upward in the spring and thereafter. With basic industries already so deeply depressed, further improvement in monetary conditions could revive the housing, auto, and consumer durables markets more rapidly than now seems possible. This would add to the strength that has been maintained in the fuel and energy-related fields. Military business should be a primary source of vitality too.

## BUSINESS INVENTORIES

Heavy inventories of autos, trucks, and farm equipment are the primary trouble areas right now, with suppliers to these industries forced to curtail output because of soft demand. Elsewhere, however, there should be early need for inventory accumulation in anticipation of a quickening business tempo as 1982 progresses.

## BUSINESS CAPITAL OUTLAYS

Although low rates of capacity utilization and listless business activity in 1982 will tend to restrain capital equipment demand, purchases that were deferred in 1981 pending the more liberal depreciation rates of 1982 will have some bolstering effect. We confidently expect this important source of economic vitality to become more of a factor as the tempo of business picks up. Moreover, capital outlays will be an important component of the business upturn going into 1983 as well.

Short-term interest rates have retreated from their peak earlier in 1981. Softening business eased borrowing, causing interest rates to slide downward. Though the bulk of the downturn has already occurred, short-term interest rates could shade a little lower — to around 14% for the prime lending rate of major commercial banks — in the early part of 1982 before bottoming out. When the anticipated business upturn is well under way, however, interest rates will undoubtedly be marked up. But enhanced cash flow for businesses, as a result of lower corporate income taxes and accelerated depreciation allowances, should prevent a quick return to oppressively high rates. Hence, money and credit availability should be adequate for businesses and consumers in the year ahead, though far from abundant.

After backing down a little from peak levels, long-term interest rates fell recently in reflection of heavy Treasury and corporate financing. Pent-up demand for long-term funds will not permit more than irregular downward shadings for a while, but easing of inflation is helping to keep long-term rates from rising.

The average increase in the Consumer Price Index for July 1981 was probably a shade below 9% on an annual rate basis. We look for further easing in the inflation pace during much of the winter and spring of 1982 but firm-to-higher tendencies should rule thereafter. For the full year we expect an average increase of 8%.

Price generally should be little changed for primary commodities well into 1982, reflecting abundant supplies and slack demand.

However, prices at the point of consumption will be moderately higher owing to labor and transportation cost increases. Expect some primary industrial commodity quotes to rebound when demand quickens.

## BUILDING

New housing starts are expected to rule modestly higher in the year ahead compared with 1981. While our estimates are only 1.3 million units as compared with 1.1 million, a substantially stronger showing than that is unlikely. Though somewhat better situated at present, both mortgage interest rates and mortgage money supplies must improve quite a good deal before building activity can materially surpass our expectations.

## EMPLOYMENT — PERSONAL INCOME

Despite spreading work force cutbacks in recent months, employment remains in a historically high range. While further small-scale furcoughs are likely this winter, employment should recover thereafter. The unemployment picture is less reassuring. It will be nip and tuck as to whether the jobless rate can be kept from a double-digit high sometime this winter. For the record, however, we are hopeful that the jobless pool will not surpass 9% of the civilian labor force before easing in response to a quickening business pace. The unemployment rate will average around 8% for 1982 as a whole, only marginally below that of 1981. Yet the problem of a sizeable hard core of jobless workers will remain a critical issue.

Personal income will trend higher

(Continued on Page 5)

## Winn Dixie earnings

JACKSONVILLE — Winn Dixie Stores, Inc. reported sales of \$503,117,000 during the four weeks ended Dec. 9, compared with \$478,799,000 for the similar period last year, an increase of 5.8 percent.

For the 24 weeks ended Dec. 9, the total was \$2.9 billion.

Retirement Value: \$2,133,699

# 15% NOW. \$2,133,699 WHEN YOU RETIRE.

You could retire as a millionaire. With our great new Individual Retirement Account, you could retire with as much as \$2,133,699 or even more. It all depends on your age, annual contribution and when you retire.

How can \$500, \$1,000, or \$2,000 a year build up so quickly? Because your interest, which is compounded daily, is tax-free until you retire. And not only do you enjoy yearly tax deductions, you can deduct your annual contribution from your taxable income: finally a tax shelter for the not-so-rich.

Now every wage earner is eligible. Whether you're covered by an employer pension plan or not, you can put up to the maximum \$2,000 in an IRA (\$2,500 if your spouse is non-employed or \$4,000 joint deduction if both are employed).

**Earn 15% now, plus Free Checking.** To get your IRA off to a flying start, we offer a better-than-money-fund return of 15% (annual rate) through June 30th on your IRA — a guaranteed high yield in a declining rate market. And everyone opening an IRA in January for \$1,000 or more will also receive Free Checking.

**Fixed or variable return? The choice is yours.** After earning 15% through June 30th, you have the added flexibility of either of two high yield interest return plans. Earn a fixed yield, initially equal to the two-year Treasury Note rate. Or a variable rate, such as the 182-day Treasury Bill discount rate. With Florida National's custom tailored IRA, you decide which type return is best — the choice is yours!

**An insured investment that insures your future.** Our IRA is a sound investment plan for everyone concerned about the uncertain future of their Social Security benefits. It's a great feeling to know that your IRA is going to be there when you retire. At Florida National, your future is protected and your investment is insured by the FDIC. Not all IRAs offer this security.

Whether you want an IRA for the tax savings now or the retirement security later or both, we provide a 15% rate, a variable or fixed yield, free checking plus the strength of a great statewide bank.

Come in and find out how much you'll have at retirement with our IRA. But hurry and start earning 15%!

## Bus passes available

**BELLE GLADE**—Six identification card centers will be open during January for the reduced fare program serving the elderly and handicapped on CoTran, the county public bus system.  
 Persons who are disabled and those 60 years of age and over may obtain the permanent identification card for a one time fee of \$1. Proof of age must be shown by the elderly.  
 Eligible recipients may ride CoTran buses anywhere in the county as the half fare rate of 30 cents one way. Bus routes operate from Boca Raton through Tequesta-Jupiter area and into the Glades.  
 Centers for January:  
 —Tuesday, Jan. 5—Lake Worth Senior Citizens Center, Second Avenue and Dixie Hwy., 1 to 4 p.m.  
 —Thursday, Jan. 7—Kings Point Main Clubhouse, residents only, 1 to 4 p.m.  
 —Tuesday, Jan. 12—Twin City Mall, U.S. and Northlake Blvd., North Palm Beach, 10 a.m. to noon and 1 to 4 p.m.  
 —Thursday, Jan. 14—Deer County Mall, Military Trail and Okeechobee, West Palm Beach, 10 a.m. to noon and 1 to 4 p.m.  
 —Tuesday, Jan. 19—Boca Raton City Hall, 201 Palmetto Park Rd., 1 to 4 p.m.  
 —Thursday, Jan. 21—Palm Coast Plaza, 7635-A S. Dixie Hwy., West Palm Beach 9 a.m. to noon and 1 to 4 p.m.  
 —Friday, Jan. 22—Palm Beach Courthouse, 3rd and Oliver, West Palm Beach, 1 to 4 p.m.

## Review Year in review—Continued from Page 1

at the Belle Glade Municipal Marina took place without a ceremony but 39 recreational vehicles moved into the first of 100 campsites over the first weekend the new area was opened.

U.S. Circuit Judge Alois Hastings suggested a rent strike against the Belle Glade Housing Authority be called off. Hastings made the suggestion during a hearing in which Florida Rural Legal Services attorney Don Mason asked for an injunction to stop the eviction of tenants involved in the strike.

City Commissioners seized on the fact the deadline had passed for renewing the lease by John Vayias on the Municipal Country Club to begin the process of drawing up an entirely new lease.

February 12

The Okeechobee Center rent strike was still going.  
 The members of Okeechobee Center Cries Help vowed to continue their eight-week strike, "until they come crawling," as attorney Don Mason put it.

In the meantime, two Washington officials visiting the area told members of the Florida Farm Bureau the strike fit a pattern of actions being taken by Legal Services Corporations around the country.

Another controversy surfaced in Pahokee when the Prince Theatre Foundation banned "The Prisoner of Second Avenue," a play the foundation was co-sponsoring with the Glades Theatre Group.

The Foundation banned the play on the advice of the Rev. Ray Simmons, pastor of the Church of God in Pahokee and president of the Ministerial Association, who said the script was "blasphemous, obscene and offensive."

February 19

The Belle Glade City Commission learned that U.S. Department of Housing and Urban Development (HUD) officials in Jacksonville had refused the city's application for \$3 million worth of assistance over the next three years.

The Community Development Block Grant funds were cut, according to Community Development Director Remar Harvin, because application points were lost over a failure to satisfy HUD officials with plans to take care of relocating clients.

The 1981 city election in South Bay was cancelled when the incumbents, Don Tanner, Vernita Cox and Refugio Garcia, were all unopposed.

The Okeechobee Center rent strike was called off with the signing of an agreement between the Belle Glade Housing Authority and Okeechobee Center Cries Help.

Belle Glade city commissioners agreed to renegotiate the lease of the country club with lessee John Vayias.

February 26

The Belle Glade City Commission hired Rolfe Wagner to take over the reins of the city administration. The new city manager came to the city from North Bay Village in Dade County.

The Pahokee City Council decided to explore the possibility of a city ordinance banning the use of residential homes as doctors' offices.

City Councilman George Rashley suggested the ordinance, saying several doctors had moved to town, using private homes to set up their practices.

The Glades General Hospital Board found itself hosting a group of concerned nurses, an attorney and a court reporter who showed up in connection with complaints made during the

January meeting by a physician about an emergency room nurse.

March 3

After inspecting roads in the Belle Glade, Pahokee, and South Bay areas, new Department of Transportation Secretary Jake Varn lunched with local political and business leaders and promised only fairness and straight talk. Varn resigned his post before the year was out.

New Belle Glade City Manager Rolfe Wagner met representatives of local news media, along with his wife, Glenda, to outline his role in government as he sees it.

March 12

Police divers were searching the Hillsboro Canal Tuesday, looking for the murder weapon used in the slaying of Willie Mae Mann, who was shot to death March 9 while she was on her job as a clerk at Jani's Grocery.

Pahokee Fire Chief Cecil Phillips, appeared before the City Council to request the addition of two more firemen. Phillips said there were at that time only two firefighters working for the city and a force of four was needed.

Belle Glade Police stepped up protection of a school crossing at Northwest Avenue C and North Main Street after one of the crossing guards was struck by a car.

March 19

Belle Glade Mayor Tom Altman strongly objected to a television news story which examined the city's Community Development Program, quoting freely from Florida Rural Legal Services attorney Don Mason.

The First American Bank opened the doors of a branch in Belle Glade, giving the bank branches all over Palm Beach County.

Hope for a quick solution to the murder of Willie Mae Mann a week earlier at Jani's Grocery faded as the investigation by police failed to turn up new clues.

The Belle Glade City Commission drew up a policy disallowing concession stands to be operated at Lake Shore Park without the express permission of the commission.

A record crop of 1.12 million tons of raw sugar was announced by the Florida Sugar Cane League for the state's sugar industry for the preceding cane season.

"Prisoner of Second Avenue," the Neil Simon play produced by the Glades Theater Group at Palm Beach Junior College, was judged both an artistic and commercial success, according to Dr. Barry Russell, PBJC drama instructor who directed the play.

April 2

The local reaction to the attempted assassination of President Reagan was gauged in the Glades with most people expressing shock and concern.

The Pahokee City Council in an adjourned meeting agreed to seek a \$100,000 loan for improvements to the city's garbage collection system.

Rupert Mock celebrated 50 years in the banking business that week. The Bank of Pahokee threw a reception in which hundreds of Mock's friends and associates attended.

The Black Gold Jubilee got off to its 1981 start with a bowling tournament held at Triangle Lanes.

April 9  
 Black Gold Jubilee activities were planned for that week including the historic swim by Stella Taylor. She was to swim Lake Okeechobee from Moore Haven to Belle Glade.

Ground was broken for the new \$4.6 million Glades Criminal Justice Complex to be built

JIM JONES

BOILER PLATE

## No point in overdoing it

I'm old enough to know better than to set unattainable New Years Resolutions for myself. For instance, I'm not going to resolve to get rid of the spare tire around my middle in pursuit of any 1986-era physique. I don't want to be that scrawny again anyway.

That doesn't mean that I won't indulge myself in a little wishful thinking. After all, a little wishful thinking is like a second piece of pecan pie after a big Christmas dinner. It can be satisfying and it's not going to do you any real harm. The major damage has already been done.

What I really need is six months of hard manual labor, say in a warehouse throwing 50-pound boxes. Jogging and careful dieting might achieve the same result, but neither are much fun.

Besides, I think a flabby middle is a family trait. It's as natural as baldness or blue eyes. If you are destined to have either, there's no way around it.

In a way, being a bit overweight might be just for past misbehavior. I can remember as a kid wanting to weigh more, being able to eat my weight in hot dogs and never gaining an ounce. I finally got the desired weight gain, only 20 years later.

Just like my desire for more weight, most of my other problems have tended to take care of themselves over time.

Hailing from the crew cut and white sidewall haircut epoch, I used to have to worry about keeping my hair from touching my ears. That becomes less of a problem every year. Not that I really care, because even if it all goes, I'll just go down to the corner wig store and buy myself a toupee.

I try to worry as little as possible about hair, weight, or anything else. There is a saying dating from 1851 that "A hundred fold of worry will not pay an ounce of debt."

With that justification, I resolve for 1982: a) No to worry about anything I have no control over.

\*To try to stay awake when watching football on television (failing that getting up and going to bed so that my snoring will not bother anyone else who chooses to stay awake through its snore).

\*To wash my car at least once every six months.

\*To try to cultivate a genuine affection for Howard Cosell, an appreciation for his insight; to every sport, and an understanding of his true humble nature. Maybe I shouldn't get too carried away. Let's limit this to gaining an appreciation for Mr. Cosell's uniqueness.

If my resolutions for 1982 seem modest to you this just proves that you are a very perceptive person.

If I had the heartache of psoriasis or dandruff, my outlook might be different. I would certainly have other goals.

Good luck with your resolutions and may 1982 be a happy and prosperous one for you!

behind the Palm Beach County Glades Office Building.

The South Bay City Commission agreed to grant Jones Interchange, Inc. a 4.85 percent rate increase.

April 16

An exhausted Stella Taylor climbed out of the Rim Canal April 12 to be greeted by a crowd of almost 7,500 people. Despite snakes, alligators, a stiff headwind and the fresh water of Lake Okeechobee, Stella completed the swim.

Belle Glade City Commissioners directed City Manager Rolfe Wagner to place four proposed road projects in an order of priority of construction.

The Belle Glade Ministerial Association was planning a Community Easter Sunrise Service at the Belle Glade Marina parking lot.

April 22

The South Bay City Commission hired Douglas F. Manger as the new fire chief.

Members of the Canal Point and Pahokee Lions Club moved a step closer to purchasing the Hurst Tool (Jaws of Life) when the group received a \$5,000 gift from the U.S. Sugar Corporation.

The Glades Area Association for Retarded Citizens was facing the possibility of losing federal funds if Congress didn't take a closer look at proposed budget cuts.

Four candidates were vying for the City Council seats up for grabs in Pahokee. Candidates were William McKinstry, Robert Wely, Curtis Miners and George Tillis.

Belle Glade City Commissioners decided to investigate the need for a rental assistance program in Belle Glade.

In an effort to conserve water during the current drought, the U.S. Army Corps of Engineers announced restrictions on lock operations at St. Lucie and W.P. Franklin Locks, beginning May 1.

May 7  
 Flood with declining water levels in Lake Okeechobee, which imperiled Belle Glade's

# Bicycles are not built for two and other safety tips

**BELLE GLADE**—In what could turn into a frequent occurrence during the post-holiday period, a Belle Glade bicyclist was slightly injured in an accident with an automobile Monday, Dec. 28.

Robert Panella, 61, of 119 N.E. 1st Street was stopped in the south bound lane of route 50 when he was struck by a vehicle driven by Richard Thomas May, 61, of 632 S.W. 1st Street. May was turning onto route 80 from Ave. F, according to Patrolman J.L. Mullins.

Panella was treated at Glades General Hospital and released. Damages totalled approximately \$115 to the bicycle.

It was the second bicycle accident in three days, according to Mullins.

Sergeant Daniel R. Crist said the number of accidents involving bicycles has not increased since Christmas, despite the number of people who received bicycles as Christmas gifts.

He said the department does expect more bicycles to be stolen in the upcoming weeks due to the larger number of people who have bikes.

For slightly less than a year, the department has been offering an identification service to bicycle owners. The bikes are registered and an identification number is engraved on the frame of the bike, according to Crist. The equipment for the program was donated by the Belle Glade Police Benevolent Association.

Those who register their bikes also receive a bicycle inspection check list. Riders should check several things on the list, including reflectors, lights, tires, coaster brakes, seat adjustment and pedals.

The department also has a program in which they periodically host school children and teach them bicycle safety and operating rules.

The program is presented to students in kindergarten through ninth grade.

A booklet containing games and safety rules is given to each student.

Safety rules include:

- Ride single file.
- Stay on the right side of the road.
- Give turn signals.
- Obey traffic laws and signals.
- Lock your bike when you aren't using it.
- Avoid riding the sidewalk.
- Keep your eyes on the road.
- Yield the right of way.
- Stop for cross traffic.
- Park your bike correctly, in racks, not in heaps.
- Put your bike through a safety check every day.
- Only one rider to a bicycle.
- Wear white at night.
- Never hitchhike.
- Use a light at night.
- Walk bike across heavy traffic.
- Install a good horn or bell on your bike.
- Keep your speed down.
- Steer with both hands.

A pamphlet provided by the Florida Highway Patrol adds a couple other rules: Don't zig-zag or

weave in and out of traffic, be sure your brakes are in good working order, and carry books or packages in racks or carriers.

According to Crist, bicyclists are responsible for obeying all traffic laws, just as the drivers of every other vehicle. The only mandatory equipment are front lights capable of being seen from 500 feet and a red, rear reflector.

If an individual is found to be in violation of the code, he or she could be reprimanded. The police could impound the person's bike for up to 90 days. A judge could order the bike to be impounded and the cyclist to stay off of bikes for longer periods of time, according to Crist.

Approximately 40 or 45 bikes have been registered with the police department since Christmas. Over 500 have been registered since the service has been offered, according to Crist.

It has been responsible for the recovery of "a number of bikes and several arrests," according to Crist.

## Forecast

(Continued from Page 3)

the year ahead. However, only an upward bias will be seen during much of the first half because layoffs will partially offset wage increases. When hirings resume, the economy (take-home pay) will be acerbated after midyear by another stepdown in federal personal income tax rates. The Social Security tax rate will be higher next year but the income tax reduction will leave most consumers with more to spend.

Though 1982 will be a big year for major labor contract renewals, the odds are against long and disruptive tieups in the pattern-setting basic industries. Like it or not, labor leaders are finding that they must tread softly in enterprises beleaguered by foreign competition and where work forces have been trimmed. However, once the economy regains its forward momentum, labor's stance can be expected to stiffen.

## CONSUMER AND GOVERNMENT SPENDING

Though early 1982 retail trade will be dampened by uneasiness over business and employment prospects, consumer sentiment will eventually respond favorably to the betterment in disposable income (it will result from recovery in employment and a further reduction in federal income tax rates. Hence, consumer buying can be expected to top that of 1981 by a comfortable margin, with the third and fourth 1982 quarters chalking up the best gains. The economy will also benefit from higher government expenditures. After midyear, for example, defense outlays will be noticeably on the upbeat.

## CORPORATE PROFITS — DIVIDENDS

Business profits in 1982 will be up compared with 1981. During the past year corporate earnings were adversely affected by the deterioration in the tempo of business. There should be better profits showings virtually throughout 1982, and on a progressively improved year-to-year comparisons with each passing quarter. The reduction in the corporate profits tax rate will be an important factor in increases at the bottom line.

Though brighter prospects for corporate profits augur well for increases in dividend rates in 1982, hikes in payouts will tend to be of moderate size in most instances. Corporate liquidity needs to be reinforced and this will take time.

## AGRICULTURAL OUTLOOK

It is difficult to make a case for any substantial betterment for the beleaguered agricultural segment of the economy in 1982. There are gluts

in supplies of major products that militate against any large-scale boosts in farm prices. Unless adverse weather patterns over large sections of the nation's growing areas threaten a significant alteration of supply-demand balances at crucial points in the crop year, farm quotes will not improve appreciably. Therefore, no substantial recovery in overall farm income appears to be in the cards for 1982. It is likely, however, that exports of agricultural products will top 1981 shipments.

## FOREIGN AFFAIRS

Current prospects do not indicate that any major breakthrough is in the offing with respect to the resolution of critical international problems. So it appears that 1982 will see more talk than genuine progress in issues involving the Middle East and Central America. The same is true with regard to Soviet-American relations, particularly negotiations over strategic arms limitation and U.S. and Soviet military involvement in Europe.

## STOCK AND BOND OUTLOOK

Except for takeover situations, 1981 was not a banner year for the stock market. After an early upsurge, stock prices again fell victim to unacceptably high interest rates and worries over the size of the federal budget deficit. Late months of the year saw some gradual revival of optimism, although investors' moves frequently mirrored their uncertainty. Nevertheless, there was some response to the large supply of undervalued stocks and to the favorable implications of lower interest rates. To some extent, the stock market was also discounting the business upturn that was still several months distant.

Allowing for spells of uneasiness, we feel that 1982 will be more beneficial to investors. With so many important industries long depressed, and with the Administration encouraging the upgrading of productive facilities, the projected upturn in business may well generate more momentum than now seems possible. Stocks in virtually all categories and quality are undervalued at exceedingly reasonable multiples of normal profitability and historical prices. So it is not difficult to visualize a burgeoning of investment interest. For the record, we forecast that the Dow Jones industrial average will fluctuate within a range of 1100 on the upside and 800 on the downside in 1982.

Although the bond market has already scored encouraging gains in recent months, nominal further upside progress can be expected early in the new year.

ONE MAN WAS SLIGHTLY INJURED when he was struck by an automobile while stopped on this bicycle. The local police have a list of safety tips for cyclists.

## Man charged in two bicycle thefts

**BELLE GLADE**—A Belle Glade resident has been charged in the thefts of two bicycles. Lance Ferby is facing two counts of petit theft and one count of dealing in stolen property in connection with the theft of two bicycles early this week.

Ferby was arrested Dec. 27 and charged with the theft of a bicycle owned by Tommy Lee Walker. Later that day, he was charged with the theft of a bicycle owned by Leslie McCray.

Police had originally apprehended him with a bicycle in his possession. The seat and rear wheel of that bicycle belonged to Walker, and Ferby was charged with petit theft. Later, the frame of the bicycle was determined to belong to McCray, and Ferby was picked up again and charged with a second count of petit theft and one of dealing in stolen property.

# Review—

(Continued from Page 4)

drinking and industrial water supply. City Commissioners authorized the emergency expenditure of up to \$30,000 for a new water pump.

In the Pahokee City Council election, William McKinstry and George Tillis were elected to the council.

Jack Maloy, director of the South Florida Water Management District, signed a declaration May 6, declaring that a water shortage emergency existed.

May 14

The City of Belle Glade came within a hair's breadth of having its water supply interrupted before a new pump was installed on the rim canal.

City Planner Joe Fay said Tuesday, May 12, that Belle Glade had received the fourth set of figures for the city's contested population count.

The Pahokee City Council unanimously agreed to hold off on its decision to place residents of the city on restricted water usage of any kind, taking a wait-and-see attitude toward water restrictions for all cities in the district.

May 21

Glades residents, along with the rest of South Florida, were faced with stricter water usage regulations due to the lack of rain and the continuing drop of the level of Lake Okeechobee.

After 2½ years of planning and preparation, ground was broken for a 162-unit housing development at Okeechobee and Osceola Centers in Belle Glade.

Reversing a lower court ruling, the 4th District Court of Appeals upheld the 1979 election of Belle Glade City Commissioner Dorothy Walker.

May 28

Doris Wetherington was named the Citizen of the Year in Pahokee during the annual Chamber of Commerce Awards Ban-

quet held at the Prince Theater.

Chairman Marshall Bull reported a "surprise success" at the American Red Cross Centennial celebration barbecue held at the Belle Glade Marina.

Everglades Memorial Hospital received a certificate of accreditation by the Joint Commission on Accreditation of Hospitals.

June 4

The South Florida Water Management District eased its 25 percent water cutback, after rains on the coast, but cities around Lake Okeechobee, including Belle Glade and South Bay, weren't affected.

Dilapidated housing in Osceola Center went up in flames in preparation for laying foundations for 162 new units at Okeechobee and Osceola housing centers in Belle Glade.

June 11

The Pahokee City Council received the results of a study by Russell and Axon Engineers Planning and Architects, Inc. on the city's water and sewer rate survey.

The traffic hazard caused by semi-trucks parked along South Main Street in Belle Glade, blocking the visibility of drivers pulling out of driveways in that area, was getting the attention of the city commissioners.

June 18

Administrators at Sunset Heights Nursing Home, at 200 S.W. Ninth St. in Belle Glade, were planning to reopen the only nursing home in Western Palm Beach County following its closing by Health and Rehabilitative Services officials in the wake of a fire that killed one elderly patient.

A Palm Beach Junior College director suggested using gamma radiation emitted by cesium 137, a waste product of nuclear generating plants, to treat sewage produced by the cities of Belle Glade and South Bay in lieu of other methods such as deep well injection.

Tony Alden and C. Love finished first in the state championship bass tournament held in Belle Glade, landing 68½ pounds of bass during the three-day tourney.

June 25

U.S. Congressman Dan Mica said he had been informed the Social Security Administration would establish a full-time office in Belle Glade.

The Pahokee City Council agreed to meet with Jim Sloane, the city's consulting engineer with Russell and Axon, to work out a solution to suggested water and sewer rate hikes.

The Belle Glade City Commission agreed to pay the salary of Glades Central High School Coach Willie McDonald as part of a recreation program for the summer.

July 9

Thousands of people came, literally from near and far, to take part in the Second Annual Freedom Festival in Pahokee.

A baby born in Pahokee's Everglades

Memorial Hospital, died the day following its birth, after being refused admittance at St. Mary's Hospital in West Palm Beach.

Approximately 75 growers and researchers from throughout Florida and the nation gathered at the University of Florida Agricultural Research and Education Center in Belle Glade for the Fourth Annual Rice Field Day.

July 19

Dr. Yasser Iacan, a Florida Atlantic University anthropologist, confirmed that the remains of two people found in a 1971 Cadillac in the Hillsboro Canal were those of a black man and woman.

Faced with an organized group of Stillwell Road (Belle Glade) residents, the South Florida Water Conservancy District pledged to review a controversy over a ditch deepened and widened behind the residents' homes.

Persons living in the Pahokee Housing Authority were given until Aug. 2 to voluntarily remove all fences, barricades, dog houses and other structures constructed on property of the authority.

July 23

The first two candidates to file in the 1981 Belle Glade City election were incumbent Commissioner Claude Tindall and challenger Clyde "Racey" Parrish, both in the North Borough.

A cloud seeding project was approved by Gov. Bob Graham in an effort to bring rain to the drought-stricken Glades.

The South Bay City Commission heard the first reading of an ordinance calling for the increase of water and sewer service deposits.

July 29

The Belle Glade City Commission decided the time for automating the city's sanitation department hadn't arrived.

Belle Glade City department heads submitted requests for budgets which would result in an increase of \$1.6 million.

If a natural disaster were to occur in the Glades area, none of the emergency shelters operated by the American Red Cross could be opened because of the lack of volunteers, according to ARC Disaster Coordinator Jerry Krim.

Krim was (and is still) looking for volunteers to man the shelters.

August 6

What may have been the most intensive homicide investigation in Belle Glade's history was launched when the bodies of Randolph Williams, 67, and his wife Lorraine M. Williams, were found at their home.

Neither an air traffic controller's strike nor a threatened absence of rain clouds over Lake Okeechobee were able to delay the start of a 59-day cloud seeding program meant to recharge the drought-stricken lake.

The vehicle inspection station operated just south of Pahokee on SR715 would be the first in the county to be closed, according to an announcement by Richard A. Price, director of the Palm Beach County Highway Safety Division.

August 13

Wayne Callender, a 23-year-old illegal alien from Jamaica, who allegedly told police he was on a mission for the Devil, was arrested and held without bond for the double slaying of Randolph Curtis Williams and his wife, Lorraine. The elderly couple had been found shot to death in their bed but Callender spared a handicapped son.

Over the objections of a number of residents in the area, the Belle Glade City Commission, approved the annexation and rezoning of an area behind Glades General Hospital and Triangle Bowling Lanes for the construction of apartment buildings and a business complex.

August 29

The Palm Beach County Grand Jury returned indictments for murder, burglary and robbery in the shooting death of an elderly Belle Glade couple.

September 19

A straw vote was set for Oct. 27 to give Pahokee voters the right to decide whether they want an official election to determine whether the city should hire a city manager.

A field of eight candidates were homing in on election day in Belle Glade as voters faced choices between Claude Tindall and Clyde "Racey" Parrish in the North Borough; Dan Bythwood, William Grear and Robert Jones in the West Borough and George Goforth, Iz Nachman and Dorothy Walker in the East Borough.

September 17

Incumbent Claude Tindall handily won his third term as the city commissioner from the North Borough, eliminating Clyde "Racey" Parrish. Runoffs were forced in the east and west boroughs between, respectively, George Goforth and Dorothy Walker, and Dan Bythwood and William Grear.

The Belle Glade City Commission voted to increase the city's water, garbage and sewer rates, effective Nov. 1.

September 24

Five persons were arrested and arraigned by the Palm Beach County Sheriff's Office in connection with the kidnapping of Bruce Hutton and the beating of his girlfriend, Denise Dunaway.

George Goforth and William Grear were elected in runoff elections in the east and west borough Belle Glade city elections, eliminating Incumbent Dorothy Walker and Dan Bythwood.

October 8

Behind the leadership of Farmworkers Rights Organization Director Jesus Romo, 38 Haitian cane-cutters from the Immokalee area walked off their U.S. Sugar Corp. jobs.

Pahokee Mayor Norma Norman submitted his resignation to the city council.

October 13

The Pahokee City Council gave final approval to a resolution raising water rates and heard testimony on a proposed convalescent

nursing home.  
Four suspects to the kidnapping of Bruce Hatton fled innocent before County Judge Don T. Adams, who relocated their trial to West Palm Beach.  
The Belle Glade City Commission unanimously elected Tom Altman to an unprecedented third consecutive term as mayor.

**October 23**  
Fritz Stein was chosen Citizen of the Year at the annual Belle Glade Chamber of Commerce Awards Banquet.  
Alfred Meeks, the man suspected of masterminding the kidnapping of Bruce Hatton, was taken by Sheriff's Office detectives with a second kidnapping attempt in Ocala.

**October 23**  
Picketers were gone from in front of United States Sugar Corp. offices in Clewiston as a Florida Rural Legal Services attorney filed suit in federal court on behalf of the Farmworkers Rights Organization in an effort to stop the importation of Jamaican cane cutters.  
Glades agricultural water users received only bad news at a meeting called by the South Florida Water Management District in Clewiston. Restrictions limiting the farmers to 10 percent of their normal usage were spelled out.

**October 29**  
Pahokee voters rejected in a straw vote the possibility of hiring a city manager in the near future.  
A mistake on the part of the Palm Beach County Property Appraiser's Office resulted in adjustments in the budgets of both Belle Glade and Pahokee.

**November 3**  
An Orlando couple were arrested by a Belle Glade officer after the two started a crime mania that included robberies in Altamonte Springs and Sunrise and the shooting of one man.  
Belle Glade police officers presented facts and methods to prevent shoplifting, in a seminar co-sponsored by the Belle Glade Junior Woman's Club, to area merchants.

The Pahokee City Council and a contractor reached an agreement which should result in the completion of the sewage plant's line silt by the end of the month.  
The 1981-82 sugar-cane season, and 2,400 Jamaican cane cutters came on schedule, despite a walkout by 38 Haitian cane cutters from the Immokalee area under the direction of the Farmworkers Rights Organization.

The South Bay City Commission approved a fee increase for the garbage service due to the opening of the Glades Transfer Station in Belle Glade.  
**November 12**  
The Pahokee City Council appointed veteran, Duncan Padgett to another term as mayor.

The Glades solid waste transfer station opened in Belle Glade in the midst of an attempt by the County commission to have the state legislature eliminate the Solid Waste Authority.  
The Belle Glade City Commission expressed unhappiness and unease about entering an interlocal housing agreement with the county housing authority.

**November 19**  
American and third world diplomats arrived in Belle Glade for the start of a 10-day study meant to cover water management, migrant labor, social change, agriculture and the way residents of the Glades live.  
Belle Glade City Manager Rolfe Wagner proposed to the city commission a three-tier pay plan in an effort to begin the revision of the city's "outmoded" job classification and pay plan.

The Budget and Policy Advisory Committee of the Palm Beach County Solid Waste Authority reviewed a tentative lease for the Pahokee Landfill and decided to send it back for negotiation.  
**November 23**  
Belle Glade city commissioners Monday approved a community development agreement with the county, based partially on input provided by an Department of Housing and Urban Development attorney.

City Commissioners officially changed the emphasis of the Belle Glade water plan from increased capacity to safer, more palatable drinking water.  
Roy Burch of Belle Glade and Peggy Hairston of Clewiston received Awards of Merit from the Glades District Boy Scouts during the annual recognition dinner.

**December 3**  
Belle Glade police officers conducted a shoplifting seminar, co-sponsored by the Belle Glade Junior Woman's Club, as part of a series leading to the establishment of a Crime Watch program next year.  
**December 10**  
Western Palm Beach County residents were among those who learned that they would be able, on Dec. 16, to make emergency calls by calling 911.

The Pahokee Chamber of Commerce announced plans that the Freedom Festival, normally celebrated July 4, will be moved to March for 1982, in conjunction with the city's 60th anniversary celebration.  
**December 17**  
Twin Construction, Inc. of Pompano Beach was warned by county commissioners to remove its superintendent and concrete and masonry subcontractors immediately from the construction site of the Glades Criminal Justice Complex.

The Belle Glade Housing Authority asked, and received, relief on increased sewer rates from the Belle Glade City Commission.  
The first frosts of the year, two of them, came early and growers were assessing crop damage this week.

**December 24**  
For the second consecutive weekend, temperatures in the Glades plunged to sub-freezing levels, leaving many area vegetable and sugar cane growers wary of things to come.

## Sugar support prices set

An amended farm bill that provides a sugar support price of 16.75 cents a pound for this season's production plus annual increments through 1985 has been signed by President Reagan.

A compromise bill was passed Dec. 16 by the House and signed by the President Dec. 22, according to a Florida Sugar Cane League spokesman.

The sugar support price of 16.75 cents per pound of raw sugar is in effect until March 31, 1982, guaranteeing producers that if the market price drops below that level, the federal govern-

ment will purchase the supply at that price.

With a closing spot price of 18.34 cents a pound for processed sugar as of Dec. 29, the industry does not expect to have to lean on the support price this season. Tariffs and fees will aid in keeping imported sugar prices above the 16.75 cent base, it is believed.

Support prices established by the farm act over the five-year period are: 1982, 17 cents; 1983, 17.5; 1984, 17.75, and 1985, 18 cents.

The compromise bill was worked out by a conference committee of Senate and House members

meeting in December. A Senate bill calling for raw sugar support prices ranging from 18 cents in 1981-82 to 19.5 cents in 1985 was defeated by the House.

Since 1978, no support price has been in effect and the US sugar industry has had to depend on tariffs to keep imported sugar from competing unfavorably with domestic prices.

## Man charged in burglary of bakery

**BELLE GLADE** — A West Palm Beach resident was arrested and charged with burglary here early Tuesday, Dec. 22.

Rickey Harper, 29, of 1109 7th Street in West Palm Beach was allegedly caught in the burglary of Flowers Bakery Surplus Store on 401 SW 44th Street.

Officer Albert Bowdel observed the burglary in process at about 12:30 a.m. during a routine

patrol.

When apprehended, Harper had keys to the cash register in his possession.

The manager of the store, Charles Adams, informed the police that the keys were from the register.

According to Detective J.R. Eberle, police believe a second person was assisting Harper in the burglary, but were unable to apprehend him.

Sergeant Ron Shunk and his canine unit, Bear, were brought in and the second suspect was traced to a SW Avenue E address, but the suspect had fled by the time the dog and police arrived.

Entry was made by throwing a large rock through a northeast window, according to Eberle.

Harper was charged with burglary and is being held under \$1,000 bond.

## TAX SAVINGS NOTICE

FROM REBECCA E. WALKER, PALM BEACH COUNTY PROPERTY APPRAISER

### Filing Period for Tax Saving Exemptions Begins January 4th and ends March 1st

— IMPORTANT —

The 1981 Florida State Legislature passed House Bill 1170 which changes Florida Statute 196.011, Section 1 (6) to read: Notwithstanding the provisions of subsections (4) and (5), each year an original application shall be refilled for not less than 10 percent of all parcels granted an exemption or agricultural classification. The property appraiser shall randomly select those parcels for which such refiling shall be required.

This means that 10 percent of all exemptions (Homestead, Agricultural and Religious and Charitable) shall have to refile their applications for exemptions each year. The exemptions will be deleted and every property owner in that category will be advised by letter as to how to refile for the exemption.

#### HOMESTEAD EXEMPTION — \$5,000

FLORIDA LAW requires that applications be made by MARCH 1, 1982 to be eligible for this \$5,000.00 exemption. In order to qualify for this exemption you must:

1. Meet title to the property as of January 1, 1982.
2. Reside on the property as of January 1, 1982.
3. Be a U.S.A., resident of the State of Florida as of January 1, 1982.

You must appear personally at one of the County Property Appraiser's Offices or at one of the scheduled locations shown below and file your application.

PLEASE BRING THE FOLLOWING WITH YOU: Deed or Tax Bill or something showing the legal description of the property on which you are claiming homestead exemption. Florida Driver's License or Florida Car Registration, Florida Year's Registration or Declaration of Donorship. If not a U.S. Citizen bring Residency ("Green") Card and birth husband and wife.

#### \$500 WIDOWS EXEMPTION

Any widow who is a permanent Florida resident may claim this exemption. If the widow remarries, she is no longer eligible. The husband and wife were divorced before the death. The widow is not considered a widow. If filing for the first time, please present a Death Certificate or other proof of your widow status.

#### DISABLED VETERAN'S EXEMPTION

A disabled veteran who has 10% or more wartime disability is entitled to an additional \$500.00 beyond Homestead Exemption. A "V.A." letter must accompany the application and the veteran must be permanently disabled as a result of certain service connected disabilities. Contact the Appraiser's Office for information on other special benefits.

#### NON-VETERAN DISABILITY EXEMPTION (\$500.00)

Every Florida resident who is totally and permanently disabled qualifies for this \$500 exemption. If filing for the first time, the applicant must qualify for Homestead Exemption and present proof of the total and permanent disability by obtaining certificates from two licensed physicians of the State who are professionally unopposed. Residency must be as of January 1, 1982. Quadraplegics should contact the Appraiser's Office for special benefit information. If filed or confirmed to a wheelchair and total care of limbs that \$500.00 per year, including Social Security, contact the Appraiser's Office for information on other special benefits.

#### ADDITIONAL HOMESTEAD EXEMPTION — \$25,000

After you have been a LEGAL resident of the State of Florida for five (5) consecutive years as of January 1, 1982, you would then be eligible for the \$25,000 additional exemption. In order to qualify for 1982, you would have to have been a legal resident on or before JANUARY 1, 1977.

Again, you must appear personally at one of the County Property Appraiser's Offices or at one of the scheduled locations shown below for your application. Bring proof of residency as for the \$5,000.00 Homestead and also proof of the 151 day residency.

#### AGRICULTURAL (Greenbelt) FILINGS

All owners or lessees of agricultural units who desire agricultural classification for their property must file an agricultural return every year with the Appraiser between January 1 and March 1.

#### TANGIBLE PERSONAL PROPERTY

Exemption requests for Tangible Personal Property must be filed with the County Appraiser no later than March 1st. Non-Exempt Tangible Personal Property returns must be filed no later than April 1st. Failure to file a return will result in a penalty and an assessment will be made as provided by Florida law. Tangible Personal Property includes property such as business furniture and fixtures, machinery and equipment, stock or merchandise, household goods and personal effects. (Florida residents are exempt from tax on household goods and personal effects.) The deadline for charitable and qualified nonprofit organizations eligible for such exemption is March 1st. All others must file by April 1st.

## MARCH 1st IS THE FINAL DAY TO FILE

If you have any questions concerning your application or filing, please contact the office nearest you by phone or mail, in order to serve you, the taxpayers of Palm Beach County, we have to be ready aware of your problems and needs.

## Cookbook reflects local resident's life

Elmer Upthegrove

A lifetime of Glades living and working went into Elmer (Bab) Upthegrove's new book, "The Cracker Cookbook," published this month by Dobb Printing of Miami.

The book reflects Upthegrove's life as owner of Upthegrove Grocery in Pahokee for 20 years and later of the 441 Steak House (where the Kentucky Fried Chicken restaurant is now located), also in Pahokee.

"My collection of 'Country Cracker' recipes came about as a result of having been the proprietor of both a grocery store and a restaurant. In addition to that exposure to food and good family cooking as a member of a family gospel singing group for many years, I hosted many large gatherings of friends for family reunions, church socials with 'dinner on the grounds,' and all day 'sing.' All of these activities centered around everyone bringing and sharing his or her favorite recipe," writes Upthegrove in his introduction.

"Every recipe contained in my book has been prepared on my stove and tested by my most severe critics, my family. Whenever needed, I have modified them to improve taste," he says.

His father, Ed Upthegrove, and his three brothers settled on the eastern shore of Lake Okeechobee during 1905-1906 near an area still known as Upthegrove Beach. For 40 years they made their living as commercial fishermen.

Bab Upthegrove and his twin sister were born in 1917. They were the sixth and seventh children in a family which would eventually include 12 siblings.

"We had plenty of alligators, snakes, and mosquitoes," Upthegrove says of his early days on the lake.

Upthegrove recalls all of the storms and hazards of pioneer living and says that his father's house was the only one left standing at Upthegrove Beach after the hurricane of 1928.

"As a young man, I remained in this area,

met and married my wife, Maria, and we reared three daughters and a son, he says.

Prior to moving to Pahokee, he worked in the construction and engineering business. Pahokee would be his home for about 30 years and all four of his children would

*"Drummer down at the county seat had a clock that's meant to run forever without winding. Uncle Ples said 'Somebody's always trying to take the fun out of life.'"*

Quote from the Cracker Cookbook.

graduate from Pahokee High School. Although he now lives in Palm Springs, Fla., he still has many ties to the Glades area. His brother, Oscola Upthegrove, was postmaster at Canal Point and his nephew, Ed Upthegrove, is principal of Clewiston Middle School.

Upthegrove's book is sprinkled with unique recipes, anecdotes, and vintage photographs.

On page 8, he has a recipe for "Collard Greens," and says, "Nothing tastes so good as collard greens which have been touched by frost gathered while still young and crisp, cooked with smoked bacon."

"Collards, or any other kind of greens, without corn bread is just unthinkable," he says.

On page 10, he begins his recipe for "Aunt Liza's Pickled Okra" by saying, "Reckon few people have a fine spring handy like Aunt Liza, so where she plunked her okra into a spring, you just have to use a tub or large bucket."

One of Upthegrove's personal favorite recipes is on Page 60: "Sausage and Sweet Potatoes."

"It's absolutely delicious. We used it so much when I was young," he says.

Included in the 131 page Cracker Cookbook

are recipes for catfish, hush puppies, swamp cabbage, mango chutney, turtle soup, and grits ("Years and years ago the neighbors had quite a controversy over whether grits were singular or plural. The newcomers from the North all were of the opinion that grits were singular - but the southern grits fans still believe and use that delectable dish in the plural").

Upthegrove has divided the book into sections on outdoor recipes; "old timey dishes;" relishes, jellies and pickles; snacks and canapés; soups and salads; vegetables; beverages and sandwiches; meats and poultry; seafood; breads; cakes; candies; pastries; and recipes from foreign countries.

The book sells for \$6.95 and can be purchased in Pahokee from Glades Drug Store, Thriftway Supermarket, Foodway Supermarket, Swift Food Stores, and from Upthegrove's sister, Lillie Chance.

In Canal Point, the book can be purchased from Grace Maxwell's Beauty Parlor.

In Belle Glade, the book is available at Glades Drug Store and Silver Star Insurance Agency.

The book is available from Dorothy Postell in Clewiston.

## Cook's corner

KATHY MILLER

Kathy and her husband have three children, Sherrie, 11, Jeremy, 9, and Matthew, 3. Kathy is a teacher's aid at Gove Elementary and attends Palm Beach Junior College part-time.

She is a member of the Phi Theta Kappa Honor Society at Palm Beach Junior College. Her homemade solani takes four days in the making, but it sounds well worth it.

Home Made Solani

- 6 pounds of hamburger
- 5 rounded teaspoons Morton Tender Quick
- 1<sup>1</sup>/<sub>2</sub> teaspoons garlic powder
- 3 teaspoons mustard seed
- 2 teaspoons Hickory smoked liquid
- 2 teaspoons whole black pepper seeds

First day: Mix, cover and refrigerate.  
Second day: Knead and refrigerate.  
Third day: Knead and refrigerate.  
Fourth day: Knead, put in three rolls. Place on rack in oven and bake at 150 degrees for 6 hours and then two more hours at 200 degrees. Turn meat over every couple of hours.

## USSC funds FAU education chair

The U.S. Sugar Corporation of Clewiston, a longtime friend of Florida Atlantic University, will join with the Charles Stewart Mott Foundation and Mr. and Mrs. Raymond Pearlson of Miami, contributing equally to an Eminent Scholars Chair in Community Education at Florida Atlantic University.

The three donations totaling \$600,000 will be matched by a \$400,000 gift from the state to create a \$1,000,000 endowed chair. This will be FAU's fourth Eminent Scholars Chair under a 1979 program enacted by the Florida Legislature to attract private funds for the nine state universities.

In 1972, to honor Mr. Charles

Stewart Mott, the U.S. Sugar Corporation and the Charles Stewart Mott Foundation created at FAU a Community Education Chair, the only one of its kind in the nation. The professorship, held by Dr. Vasil M. Kerenaksky, is funded by the U.S. Sugar Charitable Trust. Charles Stewart Mott was chairman of the board of U.S. Sugar for 27 years until his death in 1975.

During the past 11 years U.S. Sugar Corporation has contributed

\$450,000 to FAU's Center for Community Education, which is an integral part of the University's College of Education.

Representing the U.S. Sugar Corporation today at a special meeting at FAU to announce the new chair was John Boy, who has been president of U.S. Sugar since 1970.

DONORS of Florida Atlantic University's fourth Eminent Scholars Chair include (left) John B. Boy, president of U.S. Sugar Corp.; C. S. Harding Mott, head of the Mott Foundation; and Marjorie and Raymond Pearlson.

Colorful candy canes. Mr. and Mrs. Joe McIlwain of 2138 Bacon Point Road were named Pahokee Chamber of Commerce Christmas Decoration contest winners.

Members of Girl Scout Troop 230 celebrated the Christmas holidays with a Christmas party at the Lake Shore Civic

Center. The Helping Hand committee added to the festive air at the party by making colorful Christmas decorations.

## REV. JOE ED MCGAHEY

### KEEPING THE FAITH

"And when HE (God) finished speaking with him upon the Mount Sinai, HE gave Moses the two tablets of the testimony, tablets of stone, written by the finger of God." Exodus 31:18 NASB

The ten commandments were given to the children of Israel before they were written in stone. In Exodus 19 we are told about the presence of God coming down on Mt. Sinai. His presence was manifested, "there were thunder and lightning flashes and a thick cloud upon the mountain and a very loud trumpet sound, because the Lord descended upon the mountain, and its smoke ascended like the smoke of a furnace, and the whole mountain quaked violently." Exodus 19:16-18. Then in the beginning of the 20th chapter we read, "Then God spoke all these words saying..." And thus God spoke the commandments from the mountain and the people of Israel heard, the commandments spoken to them by the voice of God Himself.

But then we read in Exodus 24:12, "Now the Lord said to Moses, 'Come up to ME on the mountain and remain there, and I will give you the stone tablets with the law and the commandments which I have written for their instruction.' And so the WORD OF GOD WAS WRITTEN BY GOD IN STONE. Now I find most people are not aware of that fact. In fact, most people do not realize that God spoke the commandment from the mountain to the people before they were given to them written in stone."

Our text goes on to tell us that the "tablets of stone, written by the finger of God." Now why was that necessary? If God spoke HIS word to the people why did he have to write it? Was it because they did not hear or understand? No, I think they could not help but understand, but God did not want them, or their children, or their grandchildren, of US to forget HIS law.

"Tablets of stone, written by the finger of God." That says something to me. Stone or rock is a lasting substance. Mt. Sinai is a large granite mountain. There is also some quartz in that mountain. Granite is a hard rock, quartz is even harder. God intended for His law to be written down, known, and obeyed. "Tablets of stone"

says this law is for generation after generation. People, nations, cultures and political systems would come and go-but God is saying My word is the same always.

"Tablets of stone" were not to be just the law of the wilderness (desert), but the law of Gods people whether in the wilderness or in the promised land. With God, right and wrong do not change with different generations and different cultures. Lying, stealing, murder and adultery were wrong 3500 years ago by God's standards, and they are still evil. In fact these things were sinful before that. But God wrote His law in "Tablets of Stone" so that His people could always know right from wrong. Now today we do not know where the "tablets of stone" are, but we do know and have well recorded God's law.

When Jesus came into the world, He found that, even then, as men have continued to do so, had changed and distorted God's law. His conflict with the Temple leaders and religious people of that day was at least in part over distortions in the law of God. Therefore Jesus told them one day, "You have let go of the commands of God and are holding on to the traditions of men." What do we do with the law of God that is so difficult? We very often change or ignore it. Every parent at sometime or another has heard the excuse, "But everyone else was doing it." To most adults that is an unacceptable excuse for disobedience and it should be unacceptable. But I find adults using the same excuse for their sin and the breaking of God's law.

"But preacher everyone does that." Here is a couple living together in adultery, "but everyone is doing it." A student gets caught cheating in school, "but everyone is doing it." A contractor gets caught short changing materials in construction, "but they all do it."

Well they do not all do it in the first place. But even if they did, adultery, lying and stealing are still wrong. God has a law which He has given to man. We cannot have a real relationship to God and ignore or live in disobedience to His law.

## Youth crusade planned in Chosen

BELLE GLADE - The Chosen Missionary Baptist Church, located at the corner of Highway 716 and N.W. Ave. G., will host a Youth Crusade, Jan. 4 through 9.

The Rev. Zary Shealy, pastor of the church said the Rev. Jimmy Harris will be the speaker. Services will begin each night at 7:30 p.m. The public is invited to attend.

Jennifer Kay Hart, Jennifer Kay Hart, infant daughter of Victor and Gail Hart of 1017 N.E. 29th St., Belle Glade, died at St. Mary's Hospital on Dec. 28.

Survivors include one sister, Jessica Hart, maternal grandparents Alice and Perry Rigdon, paternal grandparents Neal and

Verdie Hart, and one great-grandmother, Hattie Lee Hart, all of Belle Glade.

Funeral services were held at the Missionary Baptist Church of Belle Glade Dec. 30 with the Rev. Robert Atkins, pastor of the First Baptist Church of Belle Glade officiating.

Interment was at Port Mayaca Cemetery in Martin County. Mix-

son Funeral Home in charge of arrangements.

## Card of thanks

Dear Friends: We wish to thank each of you who ministered to us during the illness and following the death of our husband and father, Joe Thompson, for your prayers, calls, visits, food and cards were so helpful and encouraging. Thank you for caring and for being God's hands and feet, here on earth. With love, Addie Thompson, Joe Erby and Kay Thompson and family, Jim and Yvonne Chaplin and family

## Nashville family to sing in Pahokee

PAHOKEE-The John Mathews Family of Nashville, Tenn. will be guest singers at the Pahokee Church of God, 185 S. Barfield Highway on Tuesday, Jan. 5, at 7:30 p.m.

The John Mathews family consists of five people, the father, John Mathews, his son,

of miles across the United States and Canada, according to their press release.

Everyone is invited to attend the service.

Dale, daughters, Linda and Beverly, and son-in-law Sam Kirk. Their ministry started in 1972 and they have travelled hundreds of thousands

# Computer system purchase okayed

By JEFF BROWN

**BELLE GLADE**—The Belle Glade City Commission Monday, Dec. 28, unanimously voted to purchase a Management Information System for the Finance Department.

The Microdata computer system will cost \$138,060. The city will purchase the system on a lease program at annual rate of \$27,210. Maintenance will be included in that annual rate. Four other companies had given the city quotes

on the equipment, but a formula developed by Assistant Finance Director William F. Underwood II determined that the Microdata equipment was more cost-effective than the others.

In other business, the commission

- Voted to lease space in the Lake Shore Civic Center to the Palm Beach-Regional Visiting Nurses Association, Inc. The lease runs for one year.
- Approved an amendment of the Sanitary Sewer Agreement with the Belle Glade Housing Author-

ty. The amendment raises the sewage rate applied to the sewer to 55 cents from the current 31 cents. In October 1982, that rate will increase to 80 cents. Any increases the city applies to the rates of other users between now and October may also be added to that rate.

- Approved the sale of two bulkheads to the Solid Waste Authority for a total of \$40,000.
- Approved a street lighting agreement with Florida Power and Light. According to City

Manager Rolfe Wagner, the new agreement will save the city \$9,554.04 per year.

- Decided to take no action on switching insurance carriers, thus staying with the current carrier.
- Voted to apply for a grant to study the impact of Hattiesburg on existing housing in Belle Glade.
- Decided to hold a special meeting Monday, January 4, 1982, at 7:30 p.m. to discuss rates for the water and sewage plant improvements bond.

## Tax savings exemptions explained by appraiser

By JAKE ARONSON

The filing date for 1982 tax savings exemptions begins Jan. 1 and ends March 1, 1982, said Rebecca E. Walker, Palm Beach County property appraiser.

Information concerning the exemptions may be obtained in the form of a booklet by visiting the property appraiser's office at 2976 State Road 15 or by calling 996-4890.

"Homestead exemptions, Mrs. Walker cautioned, are not transferable. In the event of a change in a homeowners' legal status (death, divorce, change of address, pro-

perty sold or bought, etc.), prior to January 1, 1982, the resident must file an application for a new tax exemption. Conversely, if a homeowner retains a status quo residency, the person simply signs and returns the renewal card which had been mailed from the Property Appraiser's office no later than March 1, 1982.

Here are eligibility requirements and list of the various tax exemptions:

**\$5,000 HOMESTEAD REGULAR.** (1) You must be a permanent resident of the State of Florida prior to January 1, 1982. (2)

You must have owned property on January 1, 1982. (3) You, or a person wholly supported by you, must have lived on the property as of January 1, 1982.

Proofs of legal residence are: Voter registration, Florida's driver's license or auto registration, Declaration of Domicile filed with the Clerk of the Circuit Court. You must produce a deed, tax bill or evidence showing legal description of the property on which you are claiming exemption. AN ALIEN ALSO MUST HAVE A PERMANENT VISA CARD.

**\$25,000 HOMESTEAD - Ap-**

licants must have proof of being a legal resident of Florida for five continuous years. If a voter's registration card is not dated prior to January 1, 1977, we can accept 1976 Federal IRS showing Florida address of 1977 Florida Intangible Tax Returns.

**AGRICULTURAL (GREENBELT).** All owners or lessees of agricultural lands who seek agricultural classification, must file an agricultural return annually between January 1 and March 1, 1982.

**TANGIBLE PERSONAL PROPERTY.** Exemption requests of charitable and

qualified non-profit organizations must be filed no later than March 1, 1982. Personal property tax returns of all retail, wholesale, professional, manufacturing, construction, distributor, agricultural, service and similar types of businesses are due by April 1, 1982. Furnishings and equipment of rental units (hotel, motel, apartments, duplexes, single family, etc) must be reported on a "rental" return by April 1, 1982. Household goods and personal effects of non-legal residents are to be reported by April 1, 1982.

"Legal residents are exempt from a tax on household furnishings and personal effects used for their own 'creature comfort' are not used for rental purposes. Residents who use their domicile as a rental unit lose this exemption and are subject to a personal property tax on the furnishings and equipment."

**SPECIAL TAX BENEFITS - Any Florida resident who is totally or permanently disabled qualifies for an additional \$500 tax exemption. If filing for the first time, the applicant must qualify for Homestead Property Tax Exemption and present proof of total and permanent disability by obtaining certification from two licensed physicians of the State who are professionally unrelated.**

"Residents who are blind or confined to a wheelchair and whose total income is less than \$8200 including Social Security, should contact my office for determination of other special benefits. Also eligible are quadriplegics, widows, ex-veterans with a 10% or more disability due to wartime service or misfortune. A widow filing for the first time

must present a death certificate or other evidence of a widow's status. If a widow remarries or has been divorced prior to her spouse's death, the widow is not con-

sidered a widow. A homeowner can only have one homestead at any given time. Residents should not sign a renewal card if they do live on the property."

## Woman charged in stabbing

**BELLE GLADE**—A Belle Glade woman has been charged with aggravated assault in the stabbing of a Belle Glade man Dec. 18.

Caroline Bryant of 34 Roosevelt Place was released on \$500 bond after being charged in the stabbing of Clements Wickham, 637 SW 10th Street Number three.

According to police reports, Bryant had informed friends she was going to Wickham's apartment to recover some clothes and possessions Dec. 19.

She borrowed a large folding knife from a friend before she left with the understanding that it

would be returned when she no longer needed it. At the apartment, she confronted Wickham and entered into an argument with him.

Bryant and Wickham engaged in a physical struggle during which Bryant allegedly stabbed Wickham in the lower, left abdomen.

Wickham required immediate surgery to save his life. At Glades General Hospital, Wickham was informed of the severity of his wounds and that he might die. He told the police that Bryant had stabbed him.

Wickham survived the surgery according to police.

## Pedestrian killed by van

**BELLE GLADE**—A temporary Belle Glade resident was killed when he wandered into the path of an oncoming van early Friday, December 26.

Floyd D. Nash, 31, of Westlake, was leaving the El Ranchito night club when he walked into the path of a van driven by Charles Hassinger of Pompano Beach, according to Detective John Carnay.

Nash was struck by the right, front of the van at 12:07 a.m.

He underwent surgery at Glades General

Hospital but died the afternoon of Saturday, December 26.

According to Carnay, witnesses all concurred that Nash had walked in front of the van on SR 80.

Hassinger had seen Nash step in front of his vehicle, but was unable to swerve to miss him or to stop the van before hitting him.

The van had to be towed from the scene of the accident.

## Death toll mounts

**TALLAHASSEE**—Florida's traffic deaths are climbing toward a record year said the Florida Highway Patrol today.

As of December 17,

**Yule stockings**

**fill to the brim**

**BELLE GLADE**

—Christmas stockings for needy children were filled to the brim with toys and candy collected by the Red Cross Committee at Lake Shore Elementary School.

Mrs. Norma Ruiz, ESOL teacher, along with students William Butta, Monica Conor, Rosa Matta, Kinza Frank Avery, Odalis Morales, Steve Fitzpatrick, Armando Ribero, and Monica Leung helped collect the stocking fillings from the student body and faculty.

During the Christmas holidays the stockings were delivered to underprivileged youngsters in the community.

Bilingual students and their teacher, Mrs. Olga Mirabel, shared an art project with the school also during the Christmas holidays.

1981, 2,918 persons have been killed on Florida's streets and highways since January 1, 1981. This is 39 more than were killed in all of 1980.

The present trend, about eight percent above the same period of 1980, may put the 1981 death toll well over 3,000 and will be an all-time high for Florida.

Colonel Eldridge Beach said, "It is a shame that traffic deaths do not draw the attention that more violent deaths such as murder get. If it could be said that cities the size of Safety Harbor or Wauchula had all of their citizens killed, it would probably make

more of an impact."

"One large city received nationwide attention because of almost 600 murders committed, but five times that many will have died on Florida's highways this year. All premature deaths regardless of cause are tragic. Primarily because most of them are brought on by mankind and could have been prevented."

"Traffic deaths are not usually premeditated and there is always hope that motorists will come to their senses and drive more carefully to help reduce the terrible slaughter on our highways," concluded Beach.

## Sports

## Raider named to All-State football team

Raymondo McDonald

McDonald began his football career at Lake Shore Middle School as a tight end for the Roadrunners. McDonald's father, Willie McDonald, Dean of Boys and track coach at Glades Central, played at Lake Shore when he was in school also.

Like his father, Ray was also coached by Ben McCoy, the head football coach at Glades Central.

McDonald also has been selected to be a member of the South and North High School football team, and was named as one of The Post Athletes of the Week.

One of the most talented receivers to play for the Raiders, McDonald is being heavily recruited as Glades Central's Jesse (Jet) Hester was recruited last year.

McDonald said he has ambition to play professional football someday, and has received offers from Notre Dame, Purdue, Ohio State, University of Florida, University of Miami, Clemson, Penn State, Michigan State and Georgia to join their football program.

He has already made a trip to Purdue and expects to travel to Ohio State within the next couple of weeks.

In addition to McDonald's football ability, he also has excelled in track and field. Ray was a member of the Raider's 440 yard relay team which placed first in the State competitions last year. He also finished 5th in the 220 at the State championship last year.

**BELLE GLADE**—Glades Central's sensational wide receiver, Raymondo (Ray) McDonald was named to the Class AAA All-State football team. A senior at Glades Central, the 170 pound McDonald led the area in scoring this season with 10 touchdowns. He also caught 35 passes for 611 yards, the area's third best. For his efforts McDonald, who was named to the All-Area team honorable mention last year, was named to the Suncoast West All Conference first team, The Post 1981 All-Area Football Team, and was selected as one of the 1980-81 Blue Chip for college recruiting.

## Coach receives All-Area honors

**PAHOKEE**—Clarence Dixon, an alumnus of Pahokee High School and a first year Cross-Country Track coach at the local high school is the All-Area Cross Country Coach of the Year.

Dixon who was an All-American football player and voted Most Valuable Track Player while attending Pahokee High School, coached the cross country team to many championships during its first year of existence.

Although Pahokee High School had never had a cross country team before, Dixon said he was not discouraged. "The young men on the team were just super," said Dixon.

"We started the year with a lot of discipline problems but by the end of the season the students had acquired a whole lot of respect for their fellowman," Dixon added. Dixon said he also credits much of the team's and his success to Principal Jack Redding, assistant principal Antione Russell and Mr. and Mrs. Otis Jordan.

In his first year as coach, Dixon led the Blue Devils to District 5-A-A crown, and second place in both the WFLA Conference and Palm Beach County Championship.

A graduate of Bethune Cookman College, where he also played football, Dixon said it was an honor to have been selected as coach of the boys cross country track team at Pahokee.

Prior to joining the Pahokee faculty, Dixon was an instructor at Seabreeze High School in Daytona Beach, and was a member of the faculty and a football coach at Dillard High School in Ft. Lauderdale.

The Blue Devils team had one player, Ivalton Smith named to the Boy's First Team. Other team members were Willis Power, Charlie Bens, Norma Newkirk, Darriel Newkirk, Charles Johnson, and Derrick Boule. Dixon

said three of the team members are members of the Pahokee High School Track team.

Joining Smith on the All-Area First team was Leavell Moreland of Glades Central High School of Belle Glade.

Clarence Dixon

## Raider QB named to area team

**BELLE GLADE**—Glades Central's Jacob Rhames, is one of two players from Belle Glade named to the Palm Beach Post's All-Area Football Team on offense.

Rhames, the Raiders quarterback, was join-

ed on the offensive team by his favorite wide receiver, Raymondo McDonald.

A senior at Glades Central, Rhames led the area with 16 touchdown passes and a 52 percent completion rate.

Rhames, who unlike many of his Glades Central schoolmates on the football field started playing football while attending Lake Shore Middle School, did not start playing football until his sophomore year in high school.

He played one year on the Raiders Junior Varsity team before he was moved up to varsity.

Rhames, who said he hopes to play professional football one day, was thrown into the Raiders starting line-up, when Leonard Camel, the Raiders quarterback was injured during the early part of the 1980 season. Camel is presently enrolled at Morris Brown College in Atlanta, Ga.

Rhames helped the Raiders capture their 1981 district title and earn a shot at the Class 3-A State Championship. The Raiders were defeated by Suncoast in the first playoff game.

Rhames was named to the Class 3-A, All State Third Team and Suncoast West All-Conference Team.

He was also cited during the 1981 football season as The Athlete of the Week by both The Palm Beach Post and WPBC Channel 12 of West Palm Beach.

Rhames said he has received scholarship offers from Brigham Young, Bethune Cookman College and Central Florida of Orlando.

The son of Mr. and Mrs. Linburgh Rhames, and one of six boys in his family, Rhames said he is the only family member to participate in the sport of football.

Rhames hooked up with his receivers for 1,354 yards and completed 75 of 144 passes.

Jacob Rhames

**Blue Devils play in News-Press tourney**

FORT MYERS - The Pahokee High School Blue Devils boys basketball team participated in the Fort Myers News-Press Christmas Invitational Boys Basketball Tournament held recently.

The Devils who lost before reaching the finals in the tournament played some excellent ball before falling to Fort Myers Riverdale 70-62 Saturday night.

# Raiders win opening round of Boca Raton tourney

BOCA RATON - The Glades Central Raiders boys basketball team won the opening round in the Boca Raton Christmas Tournament against South Plantation.

The Raiders defeated Plantation 59-52. Ranked No. 1 in the Class 3-A poll, the Raiders top scorer was Sophomore Rhondy Weston with 24 points. Senior Edwin Hayes scored 16 points and 12 of his points came in the third quarter to spark the Raiders to a come from behind victory.

Glades Central trailed Plantation by as many as 12 points in the first half. Willie Stevenson contributed nine points. Keblin Hart had six, and Willie Blackmon and Terry Easley contributed two points a piece.

The Raiders margin of victory came at the foul line where the Raiders sank 11 of 17 attempts to South Plantation's 4 of 16.

The Raiders at press time was scheduled to play in the championship game Wednesday evening at Boca Raton High School.

# Blue Devils play in News-Press tourney

Riverdale offered the Devils an awesome display of team defense and precision passing the first two quarters rolling to a 40-22 lead.

But then the Raiders became over zealous in the second half, and began throwing away the ball.

Pahokee cut Riverdale's lead down to 11 points, 50-39, but a couple of fast breaks led to eight unanswered Raiders points, but by the

end of the quarter, Riverdale again led by 18 points.

Center Anthony Bryant was Pahokee's leading scorer with 17 points. Walter Johnson had 14, and Floyd Henry and Joe Walker had 12 each.

The Devils had 12 fouls and Riverdale 10.

## Day care centers may close

BELLE GLADE—Florida Farmworkers Council, Inc., may soon have to close its Glades area day care center's doors to 130 children between the ages of two and five.

Shirley Walker, Headstart Coordinator for FFC, said her agency has to raise approximately \$28,000 to match Title XX funds for Day Care with the Department of Health and Rehabilitative Services (HRS) if the center is to remain in operation.

FFC presently operates the Fremd Village Day Care Center in Pahokee and the Oketchoke Day Care Center in Belle Glade.

Ms. Walker indicated that the two centers currently serve 112 families of which parents are either working, in training, incapacitated, or

mobile migrants.

There is a great need for the centers, and currently parents are assisting FFC in its effort to raise the needed funds by sponsoring a variety of events," said Ms. Walker.

"Both FFC and the parents of the children enrolled urge the community to get involved and help save the centers," Ms. Walker added. Community groups, businesses and individuals who would like to make tax deductible contributions may call Ms. Walker at 996-5272 for additional information or write to P.O. Box 108, Lake Harbor, Fla. 33469.

"Send in your donations, let's do it for our children," said Ms. Walker.

## ASCS appointments

Robert B. Simonson of Pahokee and Horace W. Harris of Belle Glade, well known Palm Beach County farmers were named to the County Agricultural Stabilization and Conservation Committee by delegates to the County ASC Convention held December 15 at the Belle Glade ASCS Office.

James Chamblee and Dale Erickson were also elected as first and second alternates to the Committee.

The County ASC Committee is responsible for local administration of government farm programs such as the Agricultural Conservation Program, Food Grain Program, Wool Incentive Payment Program, and Commodity Loan program. Belle Glade, Coastal and Pahokee Community Committees assist the County Committee in farm program administration and keep farmers informed of program provisions.

## Service news

Airman Sharonda M. Mann, daughter of Ollis Chastine Sr. of 235 S.W. Seventh Ave., South Bay, has been assigned to Keesler Air Force

Base, Miss., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in

human relations.

In addition, airman who complete basic training are credited toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized in-

struction in the administration field.

Mann is a 1981 graduate of Glades Central High School.

Airman Adam Ford Jr., son of Mr. and Mrs. Adam Ford of 29 Carver St., Belle Glade, has completed Air Force basic training at Lackland Air Force

Base, Texas. The airman, who is remaining at Lackland for specialized training in the security police field, studied the Air Force mission, organization, and customs and received special instruction in human relations.

Completion of this training earned the individual credits toward an associate degree in applied science through the Community College of the Air Force.

Ford is a 1981 graduate of Glades Central Community High School.

Army Pvt. Levell Dixon, son of Mr. and Mrs. Roy J. Dixon of 37 Carver St., Belle Glade, participated in Bold Eagle '82, a joint service readiness exercise at Eglin Air Force Base, Fla.

The exercise involved over 23,000 soldiers, sailors, airmen and marines in a simulated combat environment where air assault and mechanized infantry, along with armored and unconventional warfare and tactical forces training were employed in realistic combat conditions.

Dixon is a combat engineer at Fort Knox, Ky., with the 194th Armored Brigade.

## Public notices

**NOTICE OF INTENTION TO REINSTATE**

/s/ P. O. Box 108  
Lake Harbor, Fla. 33469

**IN THE CIRCUIT COURT FOR PALM BEACH COUNTY, FLORIDA**  
IN RE: ESTATE OF  
JAMES EARL RAY, JR.  
DECEASED  
NOTICE OF ADMINISTRATION

**NATIONAL FLOOD INSURANCE PROGRAM**  
Flood Insurance Premium Schedule  
Effective: Proposed Rate

Technical information on comments are solicited on the proposed base (100-year) flood insurance premium schedule for selected locations in the United States. The schedule is based on the National Flood Insurance Act of 1968 (Pub. L. 90-401, 42 U.S.C. 1981, 1982, and 1983) and the National Flood Insurance Act of 1968 (Pub. L. 90-401, 42 U.S.C. 1981, 1982, and 1983).

The period for comment will be ninety (90) days following the second publication of this notice in a newspaper of local circulation in each community.

**Gregory Peck offers you 12 ways to save energy.**

This new brochure and a walk through your house could cut your home energy use by 25%. For example, the brochure tells you to replace the glass you see the first time around. Look for them:  
• It tells you to lower your water temperature to 120 degrees.  
• It tells you 10 other proven money-savers. Follow them.  
• Best of all, it tells you that saving energy makes sense. Dollars and cents.  
• Meet the coupon to the Alliance to Save Energy today!
